#STOPSUCKING

FOR A STRAWLESS OCEAN & PLASTIC FREE DESERT

According to Dubai Municipality, 30% of the 3.6 million tons of domestic waste generated by Dubai in 2017 was plastic waste. The global Strawless Ocean initiative estimates that if we do not start acting now, by 2050 there will be more plastic in the ocean than fish. Plastic straws are just one of the myriad single-use plastics which end up in the Arabian Gulf and in our desert, polluting and harming life in the sea and on the land including our fish, seafood, and beloved camels.

At BOCA we want to do our part and we encourage you to go plastic free with us and stop sucking, sip instead. We will only provide straws on demand.

RAISE YOUR LOW-ABV GLASS

Cutting down a notch? If you are looking to ease up this season, queue up one of our new low alcohol drinks marked with a 😊, perfect for everything from brunch to after-work to after-dinner drinks.

REFRESHING LOW CAL COCKTAILS

Worried about the calories? Look out for these lighter cocktails made with no sugar or sugar substitutes, yet still packed with flavor and zing. Look out for the ❤️ symbol.
