

BOGA

A MESSAGE FROM OUR WINE STORYTELLER

I have been asked countless times during my 21 years of working with wine, “What’s the best wine in the world?” I have my favorites of course, but the most memorable of all has a story linked to it.

My “best wine in the world” was the one I sneaked from my Catalan father and his friends while they danced the Sardana in 1990 in Lima, Peru. Until this day, I do not recall what the wine was, but I do know that after that incident, every time I asked my dad for a sip of his wine, he would say: “Ricky, you must first tell me a story.” I now cannot have a bottle of wine without a tale or a story linked to it.

This menu is a compilation of the “stories” that were gathered during travels across the Americas, Europe, and the Middle East. Some are sad, some are happy, but they all revolve around a bottle of wine. This menu is also ‘alive’ and changes regularly as we keep writing new stories. This may inspire you to try new things and tell your own stories.

Welcome to this little corner of “Winesanity”. I look forward to hearing about your “best wine in the world.”

Ricardo ‘Ricky’ Riera
Wine Storyteller

BOCA

WINE MENU, WINTER 2020

This season we present to you over 240 labels of which 69 are offered by the glass, highlighting the best of viniculture from old world, new world, and from countries close to our home in Dubai. Our focus in this list is on Spain and as a wine lover you may have already savored a glass of Ribera del Duero or Rioja. This season, however, we invite you to try wines from “smaller” regions that may now be producing some of Spain’s future stunners. From Castilla and Conca De Barberà to Montsant, Somontano, and Toro DO’s, sample indigenous and revived grape varieties and see if you find yourself a new favorite. Thank us later! Enjoy and *salud!*

REGIONAL & BEYOND

In-line with BOCA’s philosophy to stand with regional producers, we continue to feature wines from countries close to home; Syria, Israel, Lebanon, India, Georgia, Turkey, Greece & more... Give new grape varieties from these countries a try and tell us what you think!

BOCA’S WINE CELLAR

BOCA’s Wine Cellar is available for receptions, private tastings, pairing events, and functions. For information on availability, please speak with our sommelier or guest relations team.

SUSTAINABILITY AT HEART

At BOCA we strive to keep sustainability at the core of our operation. As tackling climate change becomes more pressing than ever, we have stepped up our efforts of raising awareness by working closely with like-minded producers. We have highlighted vineyards that are certified biodynamic, organic, and sustainable. BOCA also follows the recently formed International Wineries for Climate Action (IWCA – a joint initiative between Familia Torres (Spain) & Jackson Family Wines (USA)) closely. Wineries part of the IWCA have recognized the severity of the climate crisis and are committed to taking immediate action to help reduce the industry’s carbon footprint.

CORAVIN

Coravin is a state-of-the-art wine extraction system that allows us to pour world class wines, not normally offered by the glass, without removing the cork. Ask our sommelier for this month’s Coravin selection for a unique wine tasting experience.

THE ART

Fann-À-Porter are proud to present the work of Syrian-born artist Majd Kurdieh commissioned exclusively for our wine menu. This collaboration features the Fasaeen, Kurdieh’s whimsical cartoon-like characters who speak of hope, love, and life, and are on a quest to steal sadness wherever it exists. #stealingsadness
