

BOCA

SPRING 2022 MENU

In this menu edition, vegetables take centre stage, and skins, stems, seeds and ugly produce get a second chance. We bring you a dining experience with a low carbon footprint, and without compromising on taste. We want to stop throwing the word sustainability around and start making a difference.

BOCA'S FIRST CARBON EMISSIONS REPORT

BOCA's 2021 carbon emissions stood at 754,262 kgCO₂. This is a 10% reduction from the official figures, as we obtain our electricity from renewable energy sources. We intend to reduce emissions by a further 26% by the end of 2022 by converting our chilled water consumption to renewable energy and a further 4% by recycling used oil and composting organic waste.

As a guest of BOCA, we are committed to serving you a delicious meal in a beautiful setting while maintaining a high standard of waste management, responsible sourcing and operating a low impact business. As a guest with us, your emissions will not exceed 15 kg of CO₂.

Scan here to see our first carbon emissions report. Figures were calculated against GHG Protocols by elementsix.

Our second edition of 'LOCAL INGREDIENTS: An Illustrated Guide' highlighting the best of local and home-made produce that we use seasonally.

MENU ART

BOCA & Fann-À-Porter present the work of Majd Kurdieh commissioned exclusively for BOCA's menu covers. This collaboration features the 'Fasaeen'; Kurdieh's whimsical characters who speak of hope, love and life and are on a quest to steal sadness wherever it exists. #stealingsadness

TASTING MENU

Ten sharing dishes from our new menu
Available daily from 12:00 pm to 3:00 pm and 6:00 pm to 11:00 pm
