COCKTAILS: NATIVE INGREDIENTS, NO WASTE

This season we are proud to present new original cocktails inspired by our favourite local and regional ingredients and our obsession with reducing waste in the bar. The list is a result of continued research and close work with our award-winning kitchen team.

SUSTAINABILITY AT HEART

As combating climate change is more urgent than ever, we have increased our efforts to raise awareness by working closely with like-minded producers. We have highlighted wineries that are biodynamically and sustainably certified and produce bee-friendly, organic, and vegan wines.
